FISHING OPPORTUNITIES

The Susquehanna River holds a reasonable number of smallmouth bass and striped bass in the uppermost 20 miles. Smallmouth bass are the mainstay of the fishery and are abundant throughout the river. They can be caught just about any time of the year on a variety of baits and gear types. The best smallmouth fishing is late in the season, usually at the best times to fish the river—during the peak of fall or early spring. Smallmouth can be caught in the deepest pools and are particularly active during the colder months. Trophy smallmouth are often caught at the mouths of large tributaries shortly after the spring opens in May, and a growing northern pike population can also provide surprising action when fishing these areas. The best channel catfishing is downstream from Wheelersburg. Consistently successful channel catfish anglers use bait at night during the warmer months.

Respect The Privacy & Rights of Private Landowners

Plan and make stops on shorelines open to the public. If you are uncertain about the land is private property, assume it is private property. If personal property damage occurs, we cannot help you. Remember that sound carries across water much more clearly than on land. All landowners enjoy peace and quiet on the river from their back yards. Share the same courtesy that you would want. A warm word or quiet greeting is always appreciated.

Susquehanna Greenway

The Susquehanna Greenway Partnership is dedicated to developing and maintaining the Susquehanna Greenway to connect communities across the state and on the National Register of Historic Places and are preserved as a memorial to the Susquehanna Greenway and founder community efforts in support of the establishment of the Greenway. Establishment of the Greenway is a nonprofit undertaking sponsored by regional and volunteer organizations, individually and collectively. Established in 1993 through 22 Pennsylvania counties. Greenway plans and designs are based on existing, currently planned, and newly proposed projects and ideas identified through public involvement. Please join us in creating the Susquehanna Greenway!
